

Environmental Policy

1. Purpose

The purpose of this policy is to define our company's approach and fundamental principles for responsibly managing environmental impacts while conducting its activities. Our company aims to contribute to the protection of natural resources, reduce environmental impacts, and support sustainable production practices.

2. Scope

This policy covers:

- All employees of the company,
- Managers,
- Production and support processes,
- Suppliers and business partners.

The company is committed to complying with applicable environmental legislation and relevant standards in all its operations.

3. Core Principles

Reduction of Environmental Impacts

Necessary measures are taken to minimize the environmental impacts arising from our activities, and continuous improvement of environmental performance is targeted.

Efficient Use of Natural Resources

Efficient use of energy, water, and other natural resources is encouraged, and initiatives to reduce resource consumption are implemented.

Waste Management

Waste generation is minimized, recycling and recovery are promoted, and waste is managed in a way that does not harm the environment.

Compliance with Regulations

All company activities are carried out in compliance with applicable environmental legislation and relevant standards.

Employee Awareness

Training and awareness activities are conducted to enhance employees' environmental consciousness.

Continuous Improvement

Environmental performance is regularly monitored within the environmental management system, and a continuous improvement approach is adopted.

4. Responsibilities

- Top management supports the implementation of the environmental policy and provides necessary resources.
 - Managers ensure that environmental management practices are implemented within their areas of responsibility.
 - Units responsible for environmental management carry out necessary activities to monitor and improve environmental performance.
 - All employees act with environmental responsibility and comply with environmental rules.
